About S-CHEMCON 2008

S -CHEMCON is an annual conference, organised by the Indian Institute of Chemical Engineers of various Regional Centres and provides the biggest platform for the Chemical Engineering students in India to interact, learn and share their ideas and knowledge and get exposed to the diversified fields of Chemical Engineering namely Biochemical Engineering, Environment Engineering, Energy Engineering, Electrochemical Engineering, Process Modelling and Simulation, Nanotechnology, Petroleum Refining, Petrochemical Engineering and Polymer Engineering. This will make the student fraternity to get more to meet the requirements of the industry.

S -CHEMCON 2008, the Fourth Annual Session of the Students' Indian Chemical Engineering Congress will be held at the Department of Chemical Engineering, Dr B R Ambedkar National Institute of Technology, Jalandhar during 26-27 September 2008. There will be active participation by the students of UG, PG and research programmes of Chemical Engineering and allied fields. The Chemical Engineering Society of the Department of Chemical Engineering, Dr B R Ambedkar NIT, Jalandhar has the privilege of organising S - CHEMCON 2008 under the auspices of Doaba Regional Centre of IICHe.

S -CHEMCON 2008 aims to update the Chemical Engineering fraternity with the latest trends and technologies in the field of Chemical Engineering. Chemical Engineers play a vital role in various process industries like Petroleum Refining and Petrochemicals, Fertilizers, Biotechnology, Textile, Food, Drug, etc. We at NITJ believe that this event will encourage many students and industries to take steps towards developing and applying new and improved technologies for the better meant of the society. Keeping this in mind the theme for S -CHEMCON 2008 is "Present and Future Trends in Process Industries".

ABOUT THE INSTITUTE

National Institute of Technology Jalandhar was established in the year 1987 as Regional Engineering College and was given the status of National Institute of Technology by the Ministry of Human Resource Development, Government of India, New Delhi on October 17, 2002. As an Institute of National Importance, NIT Jalandhar comprehends its responsibility of providing high quality education in Engineering and Technology to produce competent technical manpower for the country. The Institute offers UG, PG and research programmes with world class research infra-structure in all disciplines. The institute acquires a national character having 50% student intake from the State of Punjab and the rest from other states/union territories of the country.

LOCATION

The Institute is located on Amritsar bye pass, 12 km from Jalandhar Bus Stand, 15 km from Jalandhar City Railway Station and 20 km from Jalandhar Cantt. Railway Station. It is around 70 km away from Raja Sansi International Airport, Amritsar and 375 km from Indira Gandhi International Airport, New Delhi. It is connected to New Delhi by rail through Shatabdi and other super fast trains as well as AC buses round the clock. The city is surrounded by famous rivers Sutlej and Beas and is internationally famous for agricultural products, textiles, leather goods, wood products, and sports goods. The nearby site seeing include Golden temple, Jallianwala Bagh, Wagah Border, etc.

- Cultural Programmes

M P CHARY MEMORIAL MEDAL AWARD FOR OUTSTANDING YOUNG CHEMICAL ENGINEER

A Chemical Engineer less than 35 years age are required to give presentation on any advanced topic of interest/case study/Industrial achievements/Experiences. The award carries a M P Chary Memorial Medal and a prize money of about Rs. 10,000/-. The participants are required to submit a synopsis of 4-5 pages, on or before 17.08.08.

JOB MELA

A Job Mela will be organised for providing jobs to final year UG Chemical Engineering students.

THRUST AREAS

Unit Operations	Environmental Engineering
Reaction Engineering	Polymer Engineering
Transport Phenomena	Nanotechnology
Biotechnology	Nuclear Technology
Food Technology	Separation Techniques
Energy Engineering	Process Control &
Instrumentation	Artificial Neural Networks
Safety Management	Process Modelling &
Electrochemical Engineering	Simulation
Computational Fluid Dynamics	Petrochemical Technology
Chemical Engg Thermodynamics	Petroleum Refining Engineering

DATES TO REMEMBER

- Last date for abstract submission
- (maximum 500 words) : 10th August' 08
- Last date for intimation of acceptance : 17th August' 08
- Last date for submission of full paper : 31st August' 08

SPONSORSHIP AND ADVERTISEMENT

The Technical extravaganza, S -CHEMCON 2008 is a national level symposium involving budding Chemical Engineers spanning the length and breadth of our country. In times of piralling progress, the importance of investing in such an exchange of technical view points cannot be exaggerated. The organising committee solicits financial support and sponsorships from esteemed institutions and organizations for various activities and events. Exhaustive media coverage will ensure maximum publicity for this conference. The proceedings will be brought out as a CD and souvenir. It is an ideal stage for exhibitors of books and equipments to reach out to the young and talented engineers.
