As National Institute of Technology, the Institute has a responsibility of providing high quality technical education in Engineering and Technology to produce competent technical manpower for the country. The institute is offers B.Tech programme in Biotechnology, Chemical Engg, Civil Engg, Computer Science and Engg, Electronics and Communication Engg, Industrial & Production Engg, Instrumentation and Control Engg, Mechanical Engg, Textile Technology, Electrical Engg, Information Technology and Mining Engg. The Institute also offers M.Sc programmes in Physics, Chemistry and Mathematics; MBA in Humanity & Management; 14 M.Tech programmes and Ph.D programmes in all disciplines. The Institute has signed Memorandum of Understanding (MoU) with many prestigious institutes such as University of Florence, Italy, Ecole Centrale de Lille, France, University of Johannesburg, South Africa, University of Bolton, UK, University of South Alabama, USA, etc. for the mutual academic exchange and strengthening of the academics and research.

ABOUT DEPARTMENT OF BIOTECHNOLOGY

The Department of Biotechnology NIT Jalandhar is one of the sixteen Departments of the Institute. The Department has MOU with University of Florence, Italy for collaborative research in "Biotechnology and Process Engineering in Biofuel Production". Dr. N. Basak is Faculty Coordinator from the Department and Prof. Roberto De Philippis is Faculty Coordinator from University of Florence, Italy. The Department had organized GIAN international summer term course during May 16th to May 25th, 2016, in which Prof. Roberto De Philippis from University of Florence, Italy was the foreign faculty. Within a short span of Twelve years of commencement of B.Tech, M.
