Dear Sir / Madam,

Subject: Invitation to collaborate in instituting a 'BPCL Scholarship'

BPCL has been attracting a lot of talent from NIT, who have contributed significantly in building the organisation. To ensure appropriate support to students on a merit cum needs basis, we would like to support them financially. We desire to institute a scholarship at your prestigious organisation.

We desire to support 5 students from your institution with approximately Rs. 1 Lakh per annum. The scholarship shall be for a duration of 1 year and preference shall be given to financially weaker students and girl students. We would like to receive inputs from your organisation regarding the current practices and scholarships that are available for the students.

In this regard, we request you to please nominate a role holder who may contact our Deputy General Manager CSR, Mr. Devendra Joshi for further discussions / clarifications. He can be reached on phone no. 022-22713169 and email id joshidev@bharatpetroleum.in.

We look forward to a meaningful association with your esteemed institute on setting up a 'BPCL Scholarship' which will contribute to creation of a skilled workforce thereby contributing to nation building.

Thanking you,

Yours sincerely,
For **BHARAT PETROLEUM CORPN. LTD.**
