

International Conference

On

Advanced Functional Materials: Future Perspectives

(AFMFP-2022)

August 6-8, 2022

Hybrid Mode

Organized by

Dr. B. R. Ambedkar National Institute of Technology Jalandhar

in collaboration with

- Sant Longowal Institute of Engineering and Technology
Longowal, India
- Defence Institute of Advanced Technology Pune, India
- Université de Béjaia, Algeria

About the Conference

The aim of the conference **AFMFP-2022** is to create a platform to bring together the faculty, researchers, students and Industrial experts for exchanging the latest research advancements in materials and interdisciplinary areas towards the sustainable technological development. During the conference, the participants will have an opportunity to interact with the expert researchers from the various parts of the world. Participants will also have the opportunities to establish the research collaborations with the Industries and academia through different interactive sessions with the experts.

Over the course of 3-days, participants and experts will present their latest findings and the future directions in materials research related to polymers, electronics, sensors, nanomaterials, textiles, defense, healthcare and other related areas. **Participants will have the opportunity to publish their findings in the Materials Today: Proceedings (Elsevier) Journal.**

Themes

- Polymers and Composites
- Sensors and Actuators
- Nanomaterials
- Materials for Healthcare
- Electronic Materials
- Forensic Materials
- Smart Textiles
- Defense Materials
- Energy Materials
- Stimuli Responsive Materials
- Materials for Catalysis
- Materials for Environment
- Materials for Manufacturing Processes
- Other Advanced Materials

Call for Papers

Papers are invited for the oral and poster presentations. All those desirous of participating and/or presenting a paper in the conference are requested to complete the online abstract submission. Authors are requested to submit abstract with maximum word count of 500.

Selected papers will be published in **Materials Today: Proceedings (Elsevier) Journal**.

Awards:

- ⊙ **Best Poster Award under each theme**
- ⊙ **Oral Award under each theme**
- ⊙ **Young Scientist Award**

Full-length papers are also invited for the Young Scientist Award under each theme from the researchers of age below 45 years. Applicants must also submit the Curriculum Vitae along with the full-length paper.

Registration Fee

Participant	Indian (INR)	Foreign (USD)
Industrial	5000	200
Faculty/Scientist	2000	100
Student	1000	80

*Fee includes GST and other taxes.

Important Dates

Submission of abstracts	May 15, 2022
Intimation of abstract acceptance	May 20, 2022
Submission of full length papers for publication	June 15, 2022
Submission of full length papers and CV for Young Scientist award	June 15, 2022
Acceptance of papers for Young Scientist award	June 30, 2022

Last date for registration: July 10, 2022
