

ICIEM – 2022

International Conference

on

**Innovation in Engineering and
Management**

January 27th -29th , 2022

Venue : Goa, India

**Dr B R Ambedkar
National Institute of Technology
Jalandhar, Punjab, India**

About: Dr B R Ambedkar National Institute of Technology, Jalandhar

Dr. B R Ambedkar National Institute of Technology (NIT) Jalandhar was established in 1987 as a Regional Engineering College and was given the status of National Institute of Technology (Deemed University) by the Government of India on 17 October 2002, under the aegis of Ministry of Human Resource Development, New Delhi. Subsequently, the Ministry of Human Resource Development, Government of India, declared the Institute as Institute of National Importance under the act of Parliament-2007.

The Institute is named after Bharat Ratan Dr. B. R. Ambedkar, founder of Indian Constitution. This institute is having 16 departments, which offer professional education at graduate, post graduate and doctorate level of study. Institute is spread over the area of 154 Acre and has rich infrastructure catering the needs to provide a remarkable academics excellence, lucrative job offers from the top MNCs and well equipped laboratories drawing layout of best research facilities.

ICIEM – 2022 THEME

This conference is with the notion to synchronize the various advancements, upgradations which are parented in the field of engineering and management. This conference integrates the knowledge, findings and research interest of various field experts coming from various interdisciplinary areas under the aegis of implications to benefit society and industry.

ICIEM—2022 will be pathways for various researchers, who can sharpen their skills and can, refine their ideas by meeting with peers and their counterparts. Interactions with the experts and high level delegates belonging to field of Engineering and Management can evolve as event of sharing ideas related to research findings, various field advancements, tools and techniques, which can lead to new horizons.

This event will also serve as an excellent international forum for sharing expertise and results on recent challenges in engineering technology. The goal of the conference is to provide a stage for scientists and practitioners from academia and industry to address issues with development in the field. Hence, sound research studies/findings having relevance with the field of engineering and management are welcomed for ICIEM– 2022 and presented papers will be forwarded to our publications partners' springer/Emerald for accomplishment of publication task.

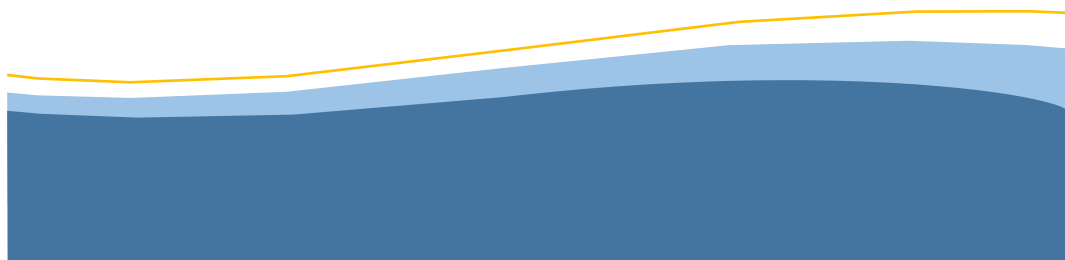

SCOPE OF THE CONFERENCE: ICIEM—2022

Authors are invited to submit their original and unpublished research articles for presentation in the following research areas.
