

Poster Presentation Guidelines

A Poster session is a one-to-one informal discussion between presenters and their audience on a conference-related theme. Presenters post their research design and findings on a poster space; i.e., a brief text clearly labeled and illustrated by **photos, charts, graphs, tables**.

Presenters will be exhibiting their posters either on **April 10** (post-lunch), or on **April 11, 2020**, 9:30-11.30 as per the Conference Programme.

Presenters' exact places will be indicated by their names which will be posted on the poster exhibition space.

Exhibits should be set up their posters before each session in the designated area as per the Conference Programme. Student assistants will be available for help in the poster area on both days. You are strongly advised to be in the poster area at least 30 minutes prior to the scheduled time of your presentation. Posters can be stuck with blue tack or double-sided sellotape

TYPE and TEXT

- Posters should include a title, name and affiliation of the presenter(s), Introduction, Objectives, Content, Graphs / tables, Conclusions, References Acknowledgement / Contact if any.
- Text should be concise enough to be read in under 10 minutes and from a distance of 4 feet (about 120 cm).
- Posters should be formatted in APA style of referencing.

ILLUSTRATIONS

- Use photos, diagrams, graphs or any other artwork as a focal point to attract attention and these should be easily visible from a distance.
- Try to make all illustrations (charts, pies, graphs, etc.) into bold graphic display where text is minimized and symbols are maximized.
- Avoid colours that will distract the viewer from the focal parts of your presentation.
