

Dear Students (B tech Final year inmates of MBH A & F):

Many congratulations for the successful completion of your graduate studies. As you are aware that MBH A & F had been taken over by the local administration and being currently used as Community Quarantine Centre (CCQ) in view of COVID-19 pandemic. We understand that your belongings are kept in the almirah of respective rooms in the sealed condition and some of you (for some very urgent reasons) would like to take it back. However, there is always a possibility of COVID positive patients in the Hostel premises, so due care must be taken while visiting the Hostels. As goodwill gesture from Honourable Director, the Institute will provide PPE kit, mask and sanitizer to each student visiting MBH A and F.

A schedule has been prepared to provide access to the hostel rooms (floor wise) as per attached details. In the first phase, we will be allowing inmates of two top most floors (i.e. room starting from 5xx and 6yy) series. However, you have to take utmost care while entering the hostel and wear a proper mask and gloves and abstain from touching the surface of hostel floors, walls, table, chair, etc. Please also make note of following important points while coming to the Institute:

- Students and accompanying person will be medically examined before entering the campus. Maximum one person can accompany the student and the time for taking belonging is from 9am to 6 pm (No fresh entry will be allowed in Institute after 4 p.m.). We will depute two mess staff for your assistance in opening the seal and handing over your belongings.
- No one will be allowed to stay in the Institute premise beyond the permitted time as mentioned above. All visitors will have to wear the mask and practice social distancing during their stay in the Institute. All the visitors should strictly follow the applicable MHA guidelines in view of COVID-19 and Institute would not be held responsible for any violations.
- In case the room is shared by two students, the first visiting student will also have to take the belonging of another student as well. The inmate has to vacate the room at one go.
- It is important to mention here that students are coming to take back their belongings on their own risk and Institute shall not be responsible for any untoward incident in this regard.
- In case of any last minute change in schedule due to unforeseen situation, we will inform you through email only. Please contact Hostel clerk/warden before starting your travel to avoid any inconvenience.
- In case you chose not to come to Institute at this point of time due to safety issue, your belongings will remain in the almirah under sealed condition. It will be returned to you once local administration handover above mentioned hostel back to us.

We sincerely appreciate your patience and understanding shown to us so far in this regard.
